Crisis in Cuban Quarrel at Hand.

Secretary Taft Will Not Be Able to Settle the Difficulties

EXCEPT BY DEFINITE

And Real Intervention By the Government He Stands For.

Any Temporary Adjustment It Is Thought Will Be Lost Work.

By Associated Press.

Havana, Sept. 21.—A crisis in the attempts of the American mediators to settle the Cuban quarrel appears to be approaching. The indications seem to be that Secretary Taft will not be able to settle the difficulty without definite and real American intervention.

Secretary Taft was uncommunicative today but it is known that he has been in frequent communication with President Roosevelt, and reported conditions here to be far worse than he had supposed.

Washington, Sept. 21.—The advices from Havana today only confirm the feeling which has been entertained here that the differences between the government of Cuba and the insurgent forces are irreconcilable and that even if the president and commissioners should succeed in accomplishing any arrangements for the settlement of the difficulties in Cuba it could only temporarily and that a crisis must necessarily result sooner or later. Intervention therefore by the United States is likely to occur at any moment.

Officials of the war, state and navy departments when shown the Havana bulletin telling of the impending crisis would not admit the receipt of any confirmatory advices, but it is known definitely that the government officials here entertain the view as herein stated. It was said today in case of intervention, one of the first acts of the United States would be the adoption of a policy of reconcentration but without the horrors attending a similar policy of General Weyler.

President in Touch.

Washington, Sept. 21.—Direct telegraphic communication has been established between Havana and Oyster Bay, N. Y., in order that Secretary Taft may be able promptly to report to President Roosevelt the progress of the negotiations now under way in the Cuban capital for a cessation of hostilities and the pacification of the Cuban republic.

BODY WASHED ASHORE.

By Associated Press.

Oran, Algeria, Sept. 21.—The body of a man believed to be the bishop of San Pablo, of Brazil, on the Hansporta Island, Spain, has been washed on the coast here.

AMOUNT IS GROWING.

By Associated Press.

New York, Sept. 21.—Goldman Sachs and company today engaged \$700,000 in gold in Paris for import.

BY DYNAMITE ROUTE.

By Associated Press.

Whitby, Sept. 21.—Word was received in this city today of a dynamite explosion which occurred on the right of way of the Grand Trunk Pacific near Finmark, New Ontario. Wednesday afternoon in which five workmen were killed and six others injured one of which is expected to die.

REFUSE TO PAY TAX.

By Associated Press.

Odessa, Sept. 21.—In consequence of the unanimous and unalterable refusal of the peasants in the Odessa district to pay tax the local zemstvo has been advised by the government that it is impossible to maintain schools and hospitals which must be closed.

STATE OF OHIO IS STILL AGROUND.

By Associated Press.

Sandusky, Ohio, Sept. 21.—The steamer State of Ohio of the Toledo and Cleveland line which went on the rocks at Rattlesnake Island near Put-in-Bay Wednesday night is still hard aground. The weather is thick.

TERRIFIC FIRE VISITS TACOMA.

Tacoma, Wash., Sept. 21.—Fire which burned with terrific rapidity destroyed property last night valued approximately at \$150,000. As a result one woman is believed to have lost her life while two men are unaccounted for.

The property laid waste by the flames includes the Tacoma Eastern Railroad depot and freight warehouse, and four freight cars; the Puyallup Avenue bridge, a large livery stable building, a saloon restaurant and three dwellings. In the livery stable were over 150 horses, many of them of blooded pedigree. Less than half a dozen escaped. The woman believed to have lost her life is Mrs. Peterson, wife of the restaurant keeper.

LOCAL MILITIA TO SAVE NEGRO.

By Associated Press.

Atlanta, Ga., Sept. 21.—Two companies of local militia were ordered out last midnight to protect the negro Troy, who is alleged to have assaulted Mrs. Kimball yesterday and was being held at Fort McPherson until officers could arrive to take charge of him. The sheriff, however, hearing of the formation of a mob to lynch the negro, rushed to the scene and taking the negro in an automobile evaded the mob and landed the negro in the jail here. The militia has now disbanded.

GOLDSTEIN HAS HIS OWN MOTIVES.

By Associated Press.

Oklahoma City, Sept. 21.—Because of certain alleged remarks bearing on the Orthodox Hebrew religion, the Orthodox Jewish congregation here secured an injunction to restrain Samuel Goldstein, a pawnbroker, from attending the synagogue. The papers were served by the sheriff but Goldstein ignored them and attended the service. No attempt was made to eject him from the meeting and it has not been decided whether the congregation will request the arraignment of the member for contempt of court.

WEAK AND WAN

The Boy Fought Gamely for Life.

For Four Days a Fourteen Months Old Lad Had Faced Death

FOR WANT OF FOOD

While His Mother's Body Rested Cold In Death on the Floor.

Forced By Hunger He Ate Sawdust Contents of a Toy Horse.

By Associated Press.

New York, Sept. 21.—Weak and emaciated from starvation, Johnny Boyle, an infant 14 months old, was found yesterday beside the corpse of his foster-mother, Mrs. Catherine Bynum, a widow, in the kitchen of her small apartment in Brooklyn. The baby evidently had spent hours of intense suffering, having eaten all the food in the room that he could reach by his utmost efforts. He had been forced by the gnawing of hunger to chew the sawdust contents of a toy horse. The floor was strewn with broken dishes and kitchen utensils and pangs in the kitchen window, within striking distance of his arm, were in pieces, all in his struggle for food. The little one was taken to a hospital. It is believed he can be nursed back to health.

Mrs. Bynum probably dropped dead from heart disease. She had not been seen for four days.

MORE FIGHTERS ON THE SCENE.

By Associated Press.

Havana, Sept. 21.—The United States battleships Louisiana and Virginia and the cruisers Cleveland and Tacoma arrived here this morning.

MOVE FOR CENTRALIZATION.

By Associated Press.

Shanghai, Sept. 21.—The council of army reorganization at Pekin has taken over the management of all the arsenals of the empire hitherto controlled by the respective provincial viceroys.

This is a distinct step in the direction of military centralization.

FIVE HUNDRED

People Made Homeless by Explosion.

Town of Jellico, Kentucky,

Wiped Out By Dynamite.

NINE PERSONS DEAD.

Fifty Injured and Property Loss Will Reach One Million.

Car of Powder Consigned to Rand Company, Did Business.

By Associated Press.

Knoxville, Tenn., Sept. 21.—A special

A terrific dynamite explosion here recently caused the loss of at least nine lives and more or less seriously injured not less than fifty people. Property damage estimated at \$1,000,000 was done and the town of Jellico, Ky., was practically destroyed. At least 500 people are homeless.

The identified dead are:

GEO. ATKINS, laundeman for the East Tennessee company.

JOHN COOK, car inspector.

WALTER ROGERS, clerk at United Cold Storage House.

JOHN GORDON, colored.

Five other bodies have been found but they are mutilated beyond recognition.

The most seriously injured are:

E. V. CAMPBELL, engineer, L. & N railroad.

FINLEY GIBSON.

Hodge Foreman, proprietor of the Jonathan Inn.

Mrs. Foreman.

William Baird, employee of the L. & N. R. R.

James Carson, of Corbin, Ky., cut on head and bruised.

Son of T. D. Abbott, probably fatally. Isaac Range, cut on head, one eye blown out.

Mark Atkin, grocer.

Jas. Bird, bookkeeper for the Italian Coal company.

Chas. C. Bird, cashier of the National bank of Jellico.

R. D. Bird, president of the National bank of Jellico and mayor of Jellico, Tenn.

L. A. Holman.

Mr. and Mrs. J. M. Jones, badly bruised, their house having fallen upon them.

Wm. Rose, cut on head.

In addition to these many others sustained injuries of a slight character. Without exception every business house in the town is either wrecked or badly damaged. The union depot of the Southern railroad and the Louisville & Nashville located about 100 yards from the place of the explosion was shattered to splinters. This cut off all telegraphic communication and news of the explosion was handled by telephone. The explosion occurred on the Kentucky side of Jellico and in consequence every house on that side of the town was wrecked, not one being spared. A large number of residences located along the railroad on the Kentucky side were without exception demolished.

As a result it is estimated that one

third of the population of the Jellico area are homeless. A car loaded with dynamite and consigned to the Rand Powder company, arrived here this morning. It was brought in by the Southern railway from the direction of Knoxville and was sidetracked in the yards used jointly by the Southern railway and the Louisville and Nashville. It is believed that the explosion was caused from spontaneous combustion in the car. However, nothing has yet developed to make this assertion positive. The spot where the car stood is marked by a crevice in the earth fully twenty feet deep.

Officials of the two roads left Knoxville at 9:30 this morning expecting to reach Jellico by noon. On the same train were a number of physicians and a representative of the Associated Press.

The line between Tennessee and Kentucky runs through the town of Jellico. The explosion occurred on the Kentucky side but owing to the interruption of wire communication the toxic was cut off.

Caused by Mark Shooter.

Louisville, Ky., Sept. 21.—General Manager Evans of the Louisville and Nashville railway has been advised by

Conductor Fullam of the Marietta in charge of the naval forces.

attainable the explosion at Jellico was caused by three men shooting a mark on the ear. The car contained 300 cases of high explosives. The L. & N freight office at Jellico was wrecked and all of the clerks injured.

ESCAPED DEATH BY NARROW MARGIN.

By Associated Press.

Chicago, Sept. 21.—Four prominent college professors, one a member of the University of Chicago, escaped from death almost by a miracle in Mexico last Wednesday after one of the most daring and arduous expeditions ever attempted to gain the top of Mount Arizaba. Word was received yesterday from Rollin T. Chamberlain of the University of Chicago, a member of the party, describing the fall of 3000 feet down the snow slope.

Having gained the top of the peak the members of the party spent an hour in looking out over Mexico City and the Gulf of Mexico. They then decided to descend but encountered a snow slope and slide down the peak for three-fifths of a mile before they came to a stop.

ALL HIS GOODS ARE LEFT BEHIND.

By Associated Press.

Akron, O., Sept. 21.—Henry Robinson, president of the Robinson Clay Product company, died early this morning of dropsy of the heart, at the age of 63 years. The company of which he has been the head, owns six plants, those outside of Akron being at Canal Dover, Midvale and Malvern and at present it is building the largest clay product plant in the world east of this city. Mr. Robinson was also president of the Second National bank of this city, and one of his latest enterprises was the building of an electric line between Omaha and Lincoln, Neb.

He leaves a wife and two unmarried children.

ENGINEER BOWERS

Of the L. E. & W. Injured in Accident at Erlin.

This morning, at 5 o'clock, as west bound freight train No. 63, of the Lake Erie and Western was passing the little station of Erlin, east of Fremont, the crown sheet of the locomotive dropped or some other explosion of the boiler occurred almost throwing the engine off of the rails and instantly filling the cab with great volumes of scalding steam and water. Engineer John Bowers, of this city, and his fireman and the head brakeman of the train jumped off of the engine and Engineer Bowers had one of the bones of one of his arms broken. The brakeman is reported to have been slightly scalded.

It certainly will encourage labor to pursue its work of organization in the campaign, which will probably be mapped out in the hope that a larger degree of justice may be attained.

Order is General.

Washington, Sept. 21.—When President Roosevelt issued his orders some time ago regarding the observance of the eight hour law, the order came to the war and navy department but were not directed to the other departments. It is understood that the order issued Wednesday is meant to meet conditions that have arisen in other departments notably the interior department which has charge of reclamation in the arid land regions of the west. Complaint was made that the eight hour law was not being observed on this work. The public buildings erected under the treasury department are also public works upon which the eight hour law must be enforced.

DAUGHTER

Of Rev. Mr. Alston, Died of Consumption, Today.

By Associated Press.

Miss Lottie Alston, daughter of Rev. Mr. Alston, pastor of the A. M. E. church and wife, died at the home of her parents, on West Spring street, at 12:30 o'clock today, death being due to consumption. The remains will be taken to Delphos tomorrow, for interment.

REBELS FIRED ON BLUE JACKETS.

By Associated Press.

Havana, Sept. 21.—La Discussion publishes a dispatch from Cienfuegos saying that blue jackets from the American gunboat Marquette who are garrisoning the sugar estates there, have been fired upon by rebels. The Americans returned the fire and the rebels fled.

DIVISION OF PROFITS.

By Associated Press.

Trenton, N. J., Sept. 21.—Governor Stokes has appointed Joseph H. McGraw, of Madison; A. B. Leach, South Orange and Assemblyman Alfred N. Barber, of Trenton, as members of the commission provided for by the legislature to investigate and report to the next legislature the feasibility of a law providing for a division of profits of public utility corporations between such companies and the municipalities in which the utilities are operated.

The machine may now be purchased and used wherever the people desire to do so, being paid for, of course, by the local authorities.

It is understood that under the set-

tlement the twenty-five nieces and nephews who were left each \$25,000

under the will are to receive \$50,000

while the minor heir Edson T. Coon-

rad, of Watervliet, N. Y., will receive \$12,000.

HUNTING HEALTH IN TOP OF TREE.

By Associated Press.

New York, Sept. 21.—Charles Batshay, of Wrentham, Mass., says a special to the Times, has built a house in the tops of two adjoining pine trees on his farm and will spend the winter there.

Batshay is 65 years old and has suffered with tuberculosis for several years. The house is about 6x8 in diameter, is painted white and is visible from a long distance. There are a door and two windows, but the latter will be closed only to prevent snow from entering the room. Access to the tree top is had by means of a rope ladder, by which the Baltimore and Ohio is to become a part of the Union Pacific system.

ELECTION DAY

Coming and President Has Yielded

To Gomper's Request That the Eight Hour Law Be Made Effective.

GREAT LABOR LEADER

Thinks Roosevelt's Order Is Late But Better Than Than Never.

CANDY STORE

Of "Joe" Pellegrini was the Scene

Of Two Fires This Morning But Damage Was Very Small.

NEWS ITEMS IN BRIEF

From Part of City Called South Lima, as Gathered Today.

Shower Party at St. John's Hall—Fire Horse on the Sick List.

This morning at 3 o'clock the fire department was called to Kirby corner on account of a small blaze in the basement of the "Joe" Pellegrini confectionery store, and it did not take the firemen long to thoroughly quench the flames, and returned to their bunks for a little more sleep.

The laddies did not have long to rest, however, as about 4:30 Joe Pellegrini appeared at the department office and said there was another fire in his store. He had walked to the hose house, probably too excited to remember that an alarm box was located with 80 feet of his door.

When the department arrived the whole rear end of the business room was ablaze, and the firemen say that a strong odor of gasoline pervaded the room, in fact the floor and several boxes had been saturated with it, and a pan was found in which an eighth of an inch of gasoline still remained. A search of the premises revealed two piles of paper in the basement, partly burned, and which smelled strongly of coal oil.

It is the general opinion that the fires were of incendiary origin, but up to the time of this writing no clue of the perpetrators had been announced, and Mr. Pellegrini could not recall having seen anybody about the premises whom he knew to be an enemy.

"The actual loss by fire," Mr. Pellegrini says, "will not be over \$15, but from smoke, water and fire the stock damage will reach about \$150."

AN INVITATION
To League Event in the Form of a poem.

The following unique invitation was sent out by Gage Epoch League, to a social function which will be given at the home of the composer, on next Monday evening:

On Monday of next week,
And if you fail to be there
You will surely miss a treat.

Accept this as a welcome
Extended, dear friend, to you,
So be present at my home
No. 757 Greenlawn Avenue.

You will understand I am sure
There will be no fees to pay,
Just simply come with a smile
And join heartily in the play.

PRENTISS LAWRENCE.
Monday, September 24, 1906, at 7:30 o'clock.

A New Mission.

The Christian and Missionary Alliance meeting will be held in the Mission Hall on east Elm street near Central avenue, Sunday, September 23, 1906 at 2 p.m. Rev. Perry Metzgar will preach. Prayer and testimony service also. Everybody welcome.

Cards of Thanks.

Mr. and Mrs. George Furry, of McPherson avenue, wish to thank their kind neighbors and friends, who assisted in caring for their daughter, Mandeline Hall, during her illness and after death, also Rev. C. C. Kennedy for words of consolation, the Grace choir for songs and Oswego Lodge of Pathfinders, No. 381, for floral tributes.

"Pete" Fell Over, Sick.

This morning, after returning to the horse house from the first fire at Pellegrini's, "Pete," one of the horses became suddenly ill and fell over after being taken to his stall. George Tracawell happened to be near, and as the horse fell, landed against him rather heavily, bruising him somewhat. Two veterinary surgeons were

looking after the animal all morning.

Brief Sayings.

John Ralston, of Wren, O., has taken position at the Locomotive works, and will move his family into one of the Reuben White houses on east Second street to-morrow.

Dr. Ira Stayner, of Spencerville, was a business caller there today.

Today Mr. and Mrs. Dal Snyder, of south Main street, entertained A. E. Clutter and guests, Mr. and Mrs. A. L. Doran, of Phoenix, Arizona.

Mr. and Mrs. George Enslen, of south West street, have returned from a trip on the Great Lakes.

A young man named Fred Fisher is ill at the Tuttle boarding house on south Central avenue, with diphtheria.

Lame Back.

This is an ailment for which Chamberlain's Pain Balm has proven especially valuable. In almost every instance it affords prompt and permanent relief. Mr. Luke LaGrange, of Orange, Mich., says of it: "After using a plaster and other remedies for three weeks for a bad lame back, purchased a bottle of Chamberlain's Pain Balm, and two applications effected a cure." For sale by all druggists.

Pinesalve cures wounds, is highly antiseptic, unequalled for cracked hands. Good for cuts. Sold by H. Vorckamp's drug store.

PEOPLE VS. SENATORS.

Nor will the republicans of Ohio subscribe entirely to Senator Foraker's attitude in reference to the relations that exist between the people and their representatives in congress. Take the railway rate bill as a case in point. That was not an issue when Foraker was elected in the senate. It came up later. Knowing the senator's environment knowing that his personal interests were in a measure identical with corporation interests, the legislature saw fit to indicate the opinion prevailing in the state as to that subject.

But if we can interpret Senator Foraker's attitude clearly, if we can analyze his statements with any degree of accuracy, the Ohio legislature in his opinion, exceeded its functions and was even presumptuous in its action. If there is no honor in being United States senator except that which insures to the office absolute non-interference on the part of the people who have chosen the senator, no matter what new issues may arise, nor how radically the senator may have changed his views during his term of office, then, indeed, we are laboring under a most grievous misapprehension and the people should be set right, for they have entertained the opinion from the day the constitution was framed that their senators were representatives of their will.

If Senator Foraker is correct in his inferences, then, assuredly, there is nothing in his record to be criticized, but in that case the people of the nation will demand a new deal, because they won't surrender their inalienable privilege to govern themselves.—Toledo Blade.

Torture By Savages.

"Speaking of the torture to which some of the savage tribes in the Philippines subject their captives reminds me of the intense suffering I endured for three months from inflammation of the kidneys," says W. M. Sherman, of Cushing, Me. "Nothing helped me until I tried Electric Bitters, three bottles of which completely cured me." Cures Liver Complaint, Dyspepsia, Blood Disorders and Malaria; and restores the weak and nervous to robust health. Guaranteed by H. F. Vorckamp, druggist. Price 50c.

SPECIAL TRAIN SERVICE.

To Putnam county fair, at Ottawa, Ohio, Oct. 2nd to 6th, inclusive, via Detroit, Toledo & Ironton Ry. For full information see band bills or inquire of agents. 914 to Oct 5

Why They Preach.

The distinction between a good preacher and a bad preacher has not changed much since Archibald Whately declared that "a good preacher preached because he had something to say and a bad preacher because he had to say something."

The Windy City Sports Are
Betting Heavily on the
White Sox.

DAY'S RACING IN OHIO.

Little Bride and Rushville
Do Well at the Col-
umbus Meet.

Sweet Marie and Audubon
Boy Scheduled For
Time Tests.

The closing days in the American league pennant race are the most exciting in the history of the American game. Thousands of dollars at all kinds of varying odds are being bet that the White Sox beat out the New York. New York is two games behind Chicago, and the best possible was a tie with St. Louis yesterday. The two teams meet in Chicago today and the result of the series will determine the championship.

The Grand Circuit racing at Columbus yesterday was in slow time because of the heavy track. Two horses interesting to local followers of the game, did well, however. Little Bride, formerly in the Boop stable, and in the Joe Gahagan string was eighth in the 2:15 trot, three heats of which were trotted in 2:10%. In this race, Kim, a stake horse here week after next and a consistent winner throughout Indiana for P. O. Shank, of Litchfield was third and took second in one heat. There were thirteen starters in the event.

Rushville, also in the Gahagan string and entered in the pacing stake here of the Humane Horse-shoe company, won the \$1,000 purse in the 2:17 class, and took a mark of 2:10%, losing the

ARRANGEMENTS

Completed for Post Series of Games
Between Winners.

Buffalo, Sept. 21.—All arrangements for the post season series of games between the Buffalo team winners of the Eastern league pennant and the Columbus team, winners of the American Association pennant, have been completed. Six games will be played, three in Buffalo and three in Columbus. An extra one if needed will be decided upon in some city agreed upon later. All receipts will go to the players and the winners will receive 60 per cent of receipts, while the losers will receive 40 per cent. The games will be for the world's championship of class "A" leagues. The first three games will be played in Buffalo on September 27, 28 and 29th. The next three will be decided in Columbus on September 30, October, 1 and 2. Only bona fide members of the team will be allowed to take part in the game. The Eastern league players will select an umpire and an indicator handler will be chosen by the American association.

THE GAME OF CHESS.

Finest Mental Drillmaster the World
Has Ever Known.

When the Romans placed over the door of the temple of Janus "Ex Oriente Lux et Ludus Seacchorum" (Out of the East Came Light and the Game of Chess) they spoke of the two greatest bequests that the storied east had ever made to the young and aggressive west—the light of religion and the greatest mental achievement of man since he came through Eden's frowning portals.

In the middle ages, when the monks and abbots watched from afar the brutal soldiery of Christendom swooping down like a pestilence on the sunburnt plains of the south, they chanted "A furor Normanorum libera nos, O Domine" (From the fury of the Northmen deliver us, O God) and returned to chess—all that was left a noble soul in a vain and turbulent world.

Chess is the finest mental drillmaster the world has ever known. As a mind trainer it ranks above Greeks and dialectics.

But, above all, it is the science of battle; it is war without bloodshed; it is strife on equal terms, which all the race loves and to which from the cradle to the grave all mortality is subject.—Charleston News and Courier.

AN INSIDIOUS DANGER.

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes. Wm. M. Melville, old postoffice corner.

THE IDLER.

Wedding announcements were received in this city today by friends of Prof. Wm. Watson, the golf instructor here at Shawnee Club last fall, and who spends his summer months at the Frontenac on the St. Lawrence. Mr. Watson was wedded on Tuesday at Hebron, N. H., to Miss Grace Sanborn. As he comes here for golf classes the last of this month, he has engaged rooms at the Crescent Hotel for himself and wife.

THE PRIM DUTCH GIRL.

The etiquette of Holland is exceedingly strict in all classes. The young girl is most carefully chaperoned, and she never goes anywhere, even to church, unless accompanied by her parents, some male relative or other equally trusted attendant. At a dance the parents sit round the walls sipping their coffee or wine, and the young men must make the best of their chances in the opportunities afforded by the dance, for when it pleases the guardians to depart there is no help for it, the girls must go too. An unmarried girl always takes the right arm of her escort, while the matron takes the left, perhaps because it is nearer the heart.

A Lively Tussie.

With that old enemy of the race, Constipation, often ends in Appendicitis. To avoid all serious trouble with Stomach, Liver and Bowels, take Dr. New Life Pills. They perfectly regulate these organs, without pain or discomfort, 25¢ at H. F. Vortkamp's druggist.

FINE COOKED MEATS AT TOWNSEND'S.

SHERMAN-SIMONTON.

Thursday evening at 8 o'clock at the home of the parsonage, Rev. Avann, occurred the marriage of Miss Ella Sherman, only daughter of Mr. and Mrs. A. Sherman, of 204 south Pine street and H. E. Simonton, of Dayton, Ohio. The bride wore a pretty gown of white lace over white taffeta silk and the groom the conventional black. Miss Lonella Funk, of Wapakoneta, a cousin of the bride also wore a pretty gown of white and acted as bridesmaid and Mr. Oscar Herman of Dayton as best man.

Mr. and Mrs. Simonton will make their future home in Dayton where Mr. Simonton is superintendent of the contract department of the Home Telephone company.

After the ceremony they were

driven to the home of the bride where a delicious wedding supper was served.

Willing to Try.
Stern Father—You want to marry my daughter, do you? Young Man—I do. Stern Father—What's your salary? Young Man—Oh, I'm not particular. Just give me a trial of three months, and if I fail to give satisfaction as a son-in-law you need not pay me any money.

Male Vanity.
Man believes himself irresistible at all ages, and I believe that the older he grows the more fascinating he thinks himself.—London World.

Children are becoming so precocious it is only a question of time when a nursing baby will criticize its mother's corset.

Running, trotting and pacing races at the Big Auglaize County Fair, September 25 to 28. The best ever with the largest field of horses.

209-211 N. Main St.

CORSETS

That are up-to-date,
That are comfortable.
That fit all over.

Let us supply your new Corset, you will find here a Corset specially intended for your figure. The best known and most dependable makes are here for your consideration. The new models are ready.

NOW FOR 14 HOURS SELLING OF

REMNANTS & REMAINDERS OF THE The Grand Clearing Sale OF THE..

A. J. Schmidt & Co. Stock.

Naturally—after this great clearance of Schmidt's stock of Dry Goods, Cloaks, Curtains, etc., we find REMNANT and REMAINDERS. Now it stands us in hand to make a complete cleaning out of all these sale left-overs and broken lots so as to be able to properly handle our own new goods—which has been coming in every day, and which will go on sale next week. We've decided upon

TOMORROW, the Day for this Grand Clean-Up--

And it should be a pleasure for you to help us clean-out these odds and ends, especially so, when you stop to consider the money you can save on dependable and serviceable goods.

ONE WORD MORE-- You'll find many bargains about the store, that were too small in quantity for mention, but that are just as great or greater than these below. New for the items—

AND FORAKER TOO.

DICKISM AND COXISM ARE MAK-
ING A STRENUEOUS FIGHT AGAINST
THE PEOPLE FOR CONTROL OF
THE REPUBLICAN PARTY. IF
THEY SUCCEED THE PEOPLE
WILL LOSE, BUT THE MASSES
HAVE ONE RESOURCE. IF THEY
LOSE IN CONVENTION THE BAL-
LOT IS STILL THEIR WEAPON.—
REPUBLICAN-GAZETTE, SEPT. 12,
1906.

Volvà is to the Dowdies what Dick
is to the republican party—the coor-
dinating force.

Railroad magnates in England must
be rapidly introducing American meth-
ods in the operation of their roads.
The number of lives lost in wrecks
is increasing very rapidly.

Announcement by the president that
he approves of people's lobbies, will
doubtless bring cheer to the heart of
General Coxey, Carl Brown and their
once great army.

Care will have to be taken, however,
to prevent contamination by the sneaking
in of a few professionals, with well
lined corporate pockets.

Findlay is suffering from theatre-
phobia—a surfeit of theatres, and
there are surface indications that the
same conditions may arise here.

Suffice it to say there are already
enough in Lima. The building of an-
other would mean the failure of some-
one engaged in the theatrical business;
and the loss to the financial men in-
vesting.

Then too, a trust proposition, in
these days when enlightenment is
shedding on the public mind, is not a
popular one.

General Simon Bolivar Buckner, the
doughty old Kentuckian, girded on his
golden armor yesterday, took a drink of
"Golden Wedding" whiskey, and
started out for a scrap.

He remembered the empty fame
that came to him through his associa-
tion with Gen. Palmer and their fight
against the Hon. Wm. Jennings Bryan
in 1896, so he took aim and fired
again at the distinguished Nebraskan.

Sorrow wells up for this hero of
many battles against the union, over
the thought that he will only be able,
and that after a bitter contest, to con-
trol his own vote in 1908.

ABOUT PEOPLE.

General Sir Frederick Stephenson,
G. C. B., is one of the most distin-
guished veterans in the British army.
Fifty years ago he was fighting in the
Crimea and directly afterwards saw
active service in China. He won the
thanks of parliament for his services
in the Soudan in 1884-5. Sir Frederick
is today constable of the Tower of
London and colonel of the Coldstream
guards.

—o—

King Leopold of Belgium is, perhaps,
the most skillful of royal gardeners,
and is said to be prouder of his lovely
gardens and greenhouses—the prod-
ucts of his skill and care—than of
any other of his possessions.

STOCK MARKET

Prices of Stock Started
Higher.

Southern Pacific Was Un-
changed From Quotation
of Last Night.

WHEAT WAS BULLISH

On Firm Cables and Small
Shipments From Argen-
tine Points.

Quotations on Live Stock,
Grain, Produce and
Provision.

By Associated Press.

New York, Sept. 21.—Wall street:
Prices of stocks started higher than
last night with very few exceptions;
United Pacific, Baltimore and Ohio,
Delaware and Hudson and U. S. Rub-
ber rose 1 and Cheasapeake and Ohio
3. Three thousand shares of South-
ern Pacific sold unchanged from last
night and the stock then advanced a
fraction.

Wheat Strong.

Chicago, Sept. 21.—Wheat opened
strong and active today. The bullish
factors were firm cable, small ship-
ments from Argentina and unfavorable
reports from there regarding the crop
general rains in the northwest. Decem-
ber opened 3% to ½ higher at 75%
to 75½ and sold up to 74½@%.

In sympathy with wheat December
corn advanced to 43½@%, and De-
cember oats to 34½@%.

January provisions opened firm, pork
at \$13.10; lard at \$7.77½, and ribs at
\$7.02½.

Toledo Grain.

REPORTS MADE**ELEVENTH BIRTHDAY**

Will Be Celebrated In Regal Style By the Local Camp.

WOODMEN TO GATHER

Here on October Twenty-Second to Aid In the Event.

Lima Camp, Modern Woodmen of America, will not be alone in its celebration of its anniversary. Kenton Woodmen are coming en masse and regarding the event, the Democrat of that city says:

Monday, October 22nd, will be a gala day for Woodmen of this section of Ohio. On that day Lima Camp, No. 3290, Modern Woodmen of America, will celebrate its 11th birthday. Lima Council is making great preparations to properly observe the event, and Woodmen from all surrounding towns are expected to be present and participate in the joyous celebration. Kenton camp has received an invitation to attend, and probably the entire lodge will go in a body; and possibly a band may accompany the local camp.

Hon. A. R. Talbot, of Lincoln, Neb., who is a law partner of Wm. J. Bryan, and who is Head Consul of the Order, together with Dr. F. A. Smith, of the Supreme Board of medical directors, will be there and both will make addresses. The program begins at 7 p.m. with a monster street parade. The affair promises to be the banner meeting of Woodmen in Northwestern Ohio.

A LESSON IN HEALTH. Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. W. M. Melville, old postoffice corner.

PUBLIC SALE. On Saturday, Sept. 29th, at 10 o'clock in the forenoon, I will offer for sale at public auction, at Fairfield Farm, one mile west of the Lima court house, on the Allentown road, a number of geldings and mares, heavy draft, a few young standard bred colts and fillies; twenty head of cows, heifers and calves; a fine young Hereford bull; pigs, chickens, corn in shock, grain in bin, farm wagons, implements, harness, buggy and carriage, horse and hand lawn mowers, and many other articles including furniture.

Sale positive and quick. Reasonable credit to responsible parties.

S. A. BAXTER.
A. J. DRIVER, Auctioneer.
Scott Neely, Clerk.
d-95-3t-sw-tu77-11

It is a well known medical fact that pine resin is most effective in the treatment of diseases of the bladder and kidneys. Sufferers from backache and other troubles due to family action of the kidneys find relief in the use of Pine-ales. \$1.00 buys 30 days treatment. Sold at H. F. Vorkamp's drug store.

GETTING DOWN TO IT

Officers and Directors Are Chosen for the New Line.

THE LIMA AND MARION

Seems a Surety and Will Run Via Ada and Lafayette.

A dispatch from Kenton regarding the new line between Marion and this city says:

A new traction line company was organized here this afternoon and officers elected as follows: President, Joseph A. Vandegrift, of New York; Vice President, Albert G. Ablefield, of Kenton; Secretary and Treasurer, N. E. Robert, of Baltimore; Directors, the above named men and T. H. Palster, capitalist, of Philadelphia; Walter S. Newhouse, attorney, of New York; Dr. Frank D. Bain, of Kenton, and J. W. Caine, Abe Rosenthal and John B. Fletcher, business men of Kenton.

The resignation of Dr. L. A. Bolt as trustee of the Ohio Northern University was accepted.

In his speech before the conference Dr. Jennings, of the book company, said in speaking of the concern's labor troubles, that, personally, he believed in the eight-hour day and felt assured that it was coming, but that the company could not meet it at present.

One of the masterly lectures of the session was delivered last evening when Dr. Thomas C. Huff spoke on church extension. The house was crowded and though the evening was sultry he held the attention of his audience for nearly two hours.

ANOTHER VIEW. The outlook grows brighter every day for the building of the electric line from Lima to Marion through Kenton.

Ada people are deeply interested in the proposed road and have taken hold of the matter in earnest. The commercial club of that place has given the officials who are at the head

of this road assurance that the right of way from Ada to Kenton will be forthcoming just as soon as the officials want to begin work, and from the drift things are taking that will be very shortly. The men who are at the head of this enterprise are energetic and pushing people, and will have no difficulty in their business transactions. They mean business from the word go, and will tolerate nothing of a dilatory nature. All that is needed to secure this road is the proper encouragement and aid from the localities through which the line will pass.—Kenton Democrat.

NEW MONEY AT PIPER'S.

The company is incorporated at \$1,500,000 to build a traction line between Lima and Marion, via Kenton. Work on the line will begin at once. The Philadelphia Trust company will be the trustees.

The company is incorporated at \$1,500,000 to build a traction line between Lima and Marion, via Kenton. Work on the line will begin at once. The Philadelphia Trust company will be the trustees.

ANOTHER VIEW. The outlook grows brighter every day for the building of the electric line from Lima to Marion through Kenton.

Ada people are deeply interested in the proposed road and have taken hold of the matter in earnest. The

commercial club of that place has given the officials who are at the head

of this road assurance that the right of way from Ada to Kenton will be forthcoming just as soon as the officials want to begin work, and from the drift things are taking that will be very shortly. The men who are at the head of this enterprise are energetic and pushing people, and will have no difficulty in their business transactions. They mean business from the word go, and will tolerate nothing of a dilatory nature. All that is needed to secure this road is the proper encouragement and aid from the localities through which the line will pass.—Kenton Democrat.

SEEMS CONTRADICTORY.

The convention at Dayton made republican history. It cannot be judged by the nominations made or by the totals in results of votes. The fact that one-third of the delegates in the face of certain defeat did not hesitate to express their disapproval shows conclusively that the battle for a new deal in Ohio is more than half won. Some of the delegates were dazed when the opportunity was given to show their independence and were slow to take advantage of the opportunity. But the way has been blazed and the wishes of the men in the ranks will have to be heeded in coming conventions.

The platform is better than that which the democracy of the state offers, but it must be admitted that there is room for improvement. It

seems contradictory that the platform should approve President Roosevelt and in the succeeding paragraph give no less cordial endorsement to the senators who opposed the policy of Roosevelt. The plank regarding the selection of candidates for senator is not satisfactory as it really means nothing. Youngstown Telegram.

The C. H. & D. will run their annual week day excursion to Cincinnati from Lima Saturday, September 22nd. Special train to leave Lima at 6:00 a.m. Round trip rate \$2.00. Returning leave Cincinnati at 10:30 p.m. Remember the date, and visit Cincinnati, and be at the fall opening of all glory. Last chance to see Fighting the Flame.

STILL POURING

Precious Crude From Mother Earth.

Wonderful Work Has Been Accomplished By Ohio Oil Company

IN PROVIDING ROOM

For the Constantly Growing Output of Oil In the Illinois Field.

The Guncheons Are Numbered Among the Biggest of Producers.

Robinson, Ill., Sept. 21.—The oil producing territory in Illinois has proven to be so extensive, the development has been so rapid and the production so great that even the Ohio Oil company with limited capital and great facilities to do things, has found itself incapable of keeping pace with the production and has had to take measures to bring about a temporary cessation of development or at least to ask that operations in the field be pushed with less activity for a time. When one stops to consider the work that has been done by the Ohio Oil company and that now under construction, it seems almost marvelous. The survey for the double 8-inch pipe line from Martinsville to Montpelier, Indiana, a distance of about 175 miles, was made, the right of way secured, the pipe bought and delivered, and in two months more the line will be completed. A tank farm was purchased north of Casey and nine 35,000 barrel storage tanks were constructed. This seemed a big thing to the average citizen until the tank farm near Martinsville was started which makes the Casey farm look like a town lot. Several tanks of 35,000 barrels capacity have already been completed and a force of about 300 men are at work building more. It was no small business transaction to get this tank material and to get the material for the large power house that is being constructed to force the oil through the two trunk lines. An 8-inch pipe line has been laid to connect the Casey and Martinsville farms and another to the Crawford and Lawrence county fields is well under way, the line having already been connected up as far as Stoy.

Now, this is only a part of the great work that has been done by the Ohio Oil company and while it seems hardly possible that so much could be accomplished in so short a time, the work of development in the field has been more wonderful.

Some six months ago the what is called tested territory covered less than 20,000 acres and the daily output of oil was probably 2,000 barrels. Today the territory extends some 70 miles north and south and from 3 to 15 miles in width, and already the daily production is estimated at about 50,000 barrels. Never before were there as many strong operators at work in a field as have been developing in the Illinois field during the past few months, outside of the old regions of Pennsylvania. Slack operations in the eastern fields caused a rush from there to the Illinois, and adverse legislation and unsettled conditions of many leases in the mid-continent caused a rush of operators from the middle-west to Illinois. And then operations can be carried on here so cheaply and returns were so quick that operators of small means have been able to get a foothold and become large producers. These things have brought about a condition that requires the careful consideration of all parties interested—the land owner, the operators and the purchaser of the oil and there is now but one, the Ohio Oil company. There now seems but one logical conclusion and that is to do less development until such a time as there is a market for all the oil. To do this it may be necessary for many landowners to give the operators more time on leases. The best way will be for the landowners, the operators and the Ohio Oil company or any other purchaser to work in harmony that the best interests of all concerned may be conserved.

While the price of oil has been cut several times recently, it is still higher than it was when the first oil was marketed, and it seems but natural that the land owners would rather have a more gradual production and keep the price up than to have a rapid production with the oil put on a glutted market.

In Crawford County, in Oblong township, Crawford county, a great many gushers are being drilled in. Mallory Bros. & Crawford's No. 1 on the J. H. Wood farm, in the southeast quarter of section 31,

the first 24 hours. This gusher is located in close proximity to two others, and shows that the pool is of the spotted nature. The Ohio Oil company's No. 4 on the A. P. Woodworth estate, section 33, produced 150 barrels. W. L. Curtis has drilled in his initial venture on the E. F. Forger farm, in the southeast quarter of section 30, and it is rated as 25 barrels. Brennenman & McDonald's No. 1 on the Kirland farm, in the northwest quarter of section 5, produced 140 barrels. Whitehead and others No. 3 Macie Jobe farm, section 23, is good for 50 barrels, and No. 4 for 100 barrels, while No. 5 is reported as showing good. The Linden Oil company's No. 4 on the Emma Ames farm, section 32, produced 275 barrels. Same company's No. 2 Deems heirs farm, section 23, is a duster, as is No. 1 on the Mason farm, in the southwest quarter of section 28. The Crescent Oil company's No. 7 Chas. Baldwin farm, section 17, is reported as showing light. The Houghton Farm Oil company's Nos. 5 and 6 L. F. Houghton farm, are showing for century producers. They are in section 33. The Red Bank Oil company has a 2 barrel pumper in No. 2 J. H. Woods farm, section 33. The Minnetonka Oil company's No. 7 Eleanor Miller farm, section 14, is a fine gas well, while No. 2 Whitmer farm, section 28, is reported as showing light. The Mahutka Oil company's No. 5 W. D. Walker farm, section 15, flowed 115 barrels natural the first 24 hours, and No. 7 for 500 barrels. Same company's Nos. 3 and 4 C. Shire farm, section 10, are in the century class. Lamberton Bros. and others have a big well in No. 4 on the E. Griswold farm, section 11. Some estimate it good for 500 barrels and others double that amount. No. 5 same farm, is also showing good. Brown, Hogue and others have a 30 barrel producer in No. 3 W. R. Buck farm, section 5. Samuel, Booth & Co. have a gas well in No. 1 Phil McGovern farm, section 30. Lamberton Bros. and others have what shows for a light well in No. 1 McColpin farm, section 16.

In Martin township, Crawford county, the Riddick-Nickle Oil company's No. 4 J. C. Carleton farm, section 21, is rated as good for 500 barrels, and No. 5 at 500 barrels. The Red Bank Oil company's No. 8 R. A. Siler farm, section 21, is reported as good for 150 barrels. The Benedict-Trees company have a gas well in their test on the A. J. Shipman farm, section 36. The Guncheon Oil & Gas company's Nos. 4 and 5 Doolittle farm, section 22, are both large producers. The Mahutka Oil company's No. 1 Wm. Wirth farm, in the northwest quarter of section 25, will make a fair-sized pumper, as it has not sufficient gas to flow it. The Ohio Oil company has a duster in No. 1 O. E. Duncan farm, section 20. Bruner, Brown & Hogue have what shows for a century producer in a test on the W. L. Hughes farm, section 21, and Jennings Bros. one on the T. Hobin farm, section 28, that looks good for 25 barrels.

In Robinson township, Crawford county, the Red Bank Oil company's Nos. 2 and 3 A. J. Price farm, section 17, are showing for good producers. E. M. Treat and others have a gas well in No. 1 W. C. Walters farm, section 19.

BRIGHT FUTURE

For Operators in the Canadian Field, Says Gray.

Walter E. Gray, the well known oil operator, left for the Canadian fields at noon today where he has wells nearing the sand. Mr. Gray is very optimistic, and says all the operators now having leases there, or those who come in the next sixty days, stand a chance to make neat fortunes. He thinks it the mecca petroleum district of the continent at this time, and has been very fortunate in securing a large acreage of the most promising territory.

How to Avoid Appendicitis.
Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels, and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not cause any irritation or griping and is mild and pleasant to take. Refuse substitutes. Wm. M. Melville, old postoffice corner.

TONIC FOR MOTHERS

DR. WILLIAMS' PINK PILLS ARE SAFE AND RELIABLE.

An Auburn Woman Tells How they Became Her Favorite Household Remedy for all Common Troubles.

Motherhood may be the crowning blessing of a woman's life or it may bring grief and sorrow. Mrs. M. J. Wright, of 176 Seventh street, Auburn, Maine, relates her experience after the birth of her daughter in 1901, as follows: "I was all run down at the time the baby came and did not improve in health rapidly after. I was pale, thin, bloodless. My stomach distressed me being full of gas all the time and my heart fluttered so that I could scarcely breathe. I didn't get my strength back.

"I asked the doctor for some sort of tonic, but he was afraid to give me anything because I was nursing the little girl. But finally I remembered that a friend had recommended Dr. Williams' Pink Pills to me so I commenced using them and they did not affect the child at all. I gained in strength rapidly while the baby thrived also. When I expected my next child I started taking the pills again as a tonic and strengthener and had no such difficulty as before. I got up better and stronger and my strength came back much sooner."

"A year ago last winter I had an attack of rheumatism in the hands which went from one hand to the other. The joints swelled up and were so stiff I could not move them. The pain extended up through my arms and shoulders. I felt sick enough to go to bed but did not do so. This attack lasted for several months. The winter air hurt my lungs and I coughed occasionally. I tried several remedies but finally came back to using the pills which had done me so much good before and found that they benefited me almost at once. I have not been troubled since."

Dr. Williams' Pink Pills are not a "cure-all" but they have a wide application in the most common ills because they act directly on the blood. When the blood is pure and rich, the nerves are strong, the digestion is good and every organ of the body is toned up to do the work that nature expects of it. Dr. Williams' Pink Pills actually make new blood and assist nature in bringing about a cure. If you are afflicted write the Dr. Williams Medicine Co., Schenectady, N. Y., for proof of what the pills have accomplished in cases like your own.

All druggists sell Dr. Williams' Pink Pills, or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50.

THE STAGE.

Since "Trilby" started the fashion, the book play like the breakfast food has multiplied with startling rapidity and few of either have been palatable; Miss Alberta Gallatin however, is fortunate in her new offering "Dorothy Vernon of Haddon Hall" in which she will be seen at Faurot opera house on Tomorrow afternoon and evening. It is more than palatable; it is delicious; at least the opinions of the critics both play and star have been seen have it that way. Charles Major's beautiful story of the romantic career of dainty Dorothy Vernon has been read by nearly everyone and the play that Paul Kester has made of it, is one that everyone should see. It is bright and happy in dialogue, rich in romantic incident, abundant in historical facts and very entertaining. The winsome, witty and wilful Dorothy beats her father, defies her aunt, betrays and saves the Queen of Scotland, hoodwinks the Queen of England, and finally elopes with her true love, as she does in the book.

All this is shown in four acts, which incidentally introduce some of the most beautiful examples of the scene painter's art that have been produced. According to one newspaper, "It all seems so real and natural, so lifelike, so just-as-it-should-be that one is willing to overlook the facts of the case and say, 'bravo playwright, bravo actors, bravo scene painter.' And that is what the audience did say at the end of each act with much noise and much sincerity."

STOP IT!

A neglected cough or cold may lead to serious bronchial or lung troubles. Don't take chances when Foley's Honey and Tar affords perfect security from serious effects of a cold. Wm. M. Melville, old postoffice corner.

Boo.

TO KEEP YOUNG.

Never retire from active life if you can possibly avoid it; keep "in the swim"; keep the mind active; never refer to your advancing years or say "at my age."

To preserve youth, you must have a variety of experience. The country woman at forty, although breathing a purer air and living on a more healthful diet than the city woman often looks fifty, while the latter at the same age does not look more than forty. Her mind is more active than that of her country sister; that is the secret of her more youthful appearance.

Nothing else ages one more rapidly than monotony—a dead level existence without change of scene or experience. The mind must be kept fresh or it will age, and the body cannot be younger than the mind.

Few minds are strong enough to overcome the aging influence of the monotonous life which rules in the average country home. City people have infinitely greater variety of life. They enjoy themselves a great deal more than country people. They work hard when at work, but, when they are through, they drop everything and have a good time. There is no doubt that the theatre, in spite of its many evils, has done a great deal toward raising the marks of age. People who laugh much retain their youth longer.

—O. S. Marsden in Success.

Another sign of progress seen at Rowlands' is the fitting up of the basement in elegant shape to accommodate the rapidly increasing carpet department. This room, when completed, will cover an area of 24x30 feet and it is safe to predict there will be nothing left undone to have it rank with the best in this part of the state.

It's a horrid picture—simply horrid."

"I'm sorry, but it's mine!" Lord Leighton exclaimed involuntarily.

"You don't mean to say you've bought the thing?" questioned the same lady.

"No; I painted it," the artist humbly replied.

The critical lady was momentarily abashed; then she said easily:

"Oh, you mustn't mind what I say."

"No indeed, you mustn't," another began earnestly. "She's only said what everybody else is saying!"—Youth's Companion.

PERSONAL MENTION.

Mrs. H. L. Masper will spend a few days in this city, visiting her sister, Mrs. W. W. Riley, 163 south Jackson street, before returning to her home in Pittsburgh.

Mrs. Gee Long has returned home from a two week's visit with her daughter in Baltimore, Md.

Homer Hughes, son of Mr. and Mrs. R. M. Hughes, who was so seriously hurt in a street car wreck while returning from Vermilion with his Y. M. C. A. companions, and was taken to the hospital at Lorain, Ohio, returned home yesterday. The young man who he will carry ineffaceable marks all his life, is facing the situation with splendid nerve.

J. H. Stecksmith, of Cedar Rapids, Iowa, is visiting his daughter, Mrs. Wm. Mourer on north Charles street.

Mr. Paul J. Steuber left for Michigan University this afternoon, where he enters the medical department.

Mr. and Mrs. G. S. Easien, of south West street, have returned from a delightful visit in Sainte. Marie and Mackinac, Mich.

Mr. W. T. Murphy, of south Metal street, left today for Chicago to resume his studies at the College of Physicians and Surgeons University of Illinois.

Doctors Are Puzzled.

The remarkable recovery of Kenneth McIver, of Vancoville, Me., is the subject of much interest to the medical fraternity and a wide circle of friends. He says of his case: "Going to severe inflammation of the lungs, three doctors gave me up to die when, as a last resort, I was induced to try Dr. King's New Discovery and I am happy to say, it saved my life." Cures the worst coughs and colds, bronchitis, tonsillitis, weak lungs, hoarseness and La Grippe. Guaranteed at H. F. Vortkamp's drug store. 50c and \$1.00. Trial bottle free.

Lay your plans to attend the Big Erie County Fair September 25 to 28. The speed program is excellent. G-3.

CASTORIA.

*Charles H. H. H. H.***SIX HUNDRED JUNKS WERE LOST**

Hong Kong, Sept. 21.—The entire fleet of six hundred fishing junks were lost in the typhoon. This increases the mortality to ten thousand persons.

Dressed Chickens at Townsend's

Don't let the baby suffer from eczema, sores or any itching of the skin. Dean's Ointment gives instant relief, cures quickly. Perfectly safe for children. All druggists sell it.

Fresh oysters at Townsend's

Tone the liver, move the bowels, cleanse the system. Dade's Little Liver Pills never gripe. Sold by H. F. Vortkamp's drug store.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics grip, sicken, weaken the bowels and don't cure. Doan's Regulators act gently and cure constipation. 25 cents. Ask your druggist.

Some men couldn't get along without their lodges; the degree work is absolutely essential to their happiness.

MUST HAVE ROOM

To Take Care of the Rapidly Increasing Patronage.

The people of Lima and vicinity will have a wonderful opportunity to buy furniture at remarkably low prices within the next three weeks, for J. W. Rowlands, the pioneer furniture man, is up against a proposition which will work to the decided advantage of the public.

He is erecting now a large warehouse, covering 40x72 feet, but it will not be completed in time to receive goods from the old warehouse, the lease on which expires October 15th—just three weeks more. Mr. Rowlands stated today that rather than store the stock temporarily, or until the new warehouse is completed, he will sell all kinds of furniture at prices never before heard of in this vicinity. So a word to the wise is sufficient.

Another sign of progress seen at Rowlands' is the fitting up of the basement in elegant shape to accommodate the rapidly increasing carpet department. This room, when completed, will cover an area of 24x30 feet and it is safe to predict there will be nothing left undone to have it rank with the best in this part of the state.

HOSTETTER'S BITTERS

Poorly digested food clogs up the system. Serious sickness follows. Take the Bitters at once. It cures Sour Risings, Heartburn, Indigestion, Dyspepsia, Constiveness, or Malaria Fever.

BITTERS—Poor Chapleigh is up against a job lot of tough luck."

Birkins—"How's that?"

Birkins—"He married for money only to discover later that his wife hadn't a dollar, and now she refuses to take in washings to support him."

**HAVE NO SALOONS.**

Hotels Have Bars in Toronto, But No One Else.

(Kansas City Star.)

"Where are your saloons?" a Kansas City man inquired of his guide in Toronto, Canada, a few days ago.

The Kansas City man wasn't looking for saloons, particularly; that is, he wasn't hunting them, but he had long been accustomed to them. Consequently he wondered when he saw one.

"We haven't any saloons," the Toronto man replied. The only place where you can get a glass of ale or beer, as you Yankees call it, is in the hotels."

In Toronto every man from the United States is a Yankee.

"Five years ago," the Toronto man continued, "we had several hundred saloons. Then the people decided that they would rid the city of them. They tried high license, but the saloons continued to increase. Last spring a law was passed that says license may be granted only for bars in hotels. The cost of a license varies from \$200 to \$700, according to the number of rooms in the hotel. You must remember everything is much cheaper in Canada than in the United States, so \$700 is a good sum of money. Only a regular hotel of at least 15 rooms can have a bar. You can't rent a building and keep 15 rooms furnished for a blind, for every place is inspected once a week by a municipal board, and if you are found evading the law you lose your license and the officers march you off to jail."

DOING THEIR DUTY.

Scores of Lima Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follow.

Urinary trouble, diabetes.

Doan's Kidney Pills cure them all.

Lime people endorse our claim.

Frank Philiney, manager of the Oak restaurant, and living at 118 west Spring street, says: "If Doan's Kidney Pills had not done just what was claimed for them when I used them some six years ago, I would not have allowed my name to be published at that time in recommending them. I stated then that after procuring this remedy at Melville's drug store and using it according to directions I was cured of a distressing weakness of the action of the kidneys. This was after I had doctor and taken numerous other treatments without avail. I re-endorse Doan's Kidney Pills now because the cure I spoke of at that time has proven permanent, and this should convince any sufferer of its merits."

For sale by all dealers. Price 50c

Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doans—and take no other.

Crucifix Thrust.

The Bard—"Such a stupid, absent-minded janitor! I gave him one of my poems to mail and instead of dropping it in the mail box on the corner he dropped it in the waste-paper box."

Miss Tobacco—"But why do you call him stupid?"

Matter of Protection.

"I'd have you know, sir," said the pompous individual, "that I'm a self-made man."

"Oh, that's all right," replied the quiet citizen. "But there ought to be some redress for a man who would sell himself a gold brick."

CONSOLING AN ARTIST.

The late Lord Leighton, president of the Royal academy, once had a chance to learn something about himself that perhaps he had not suspected. His chance came to him at a picture gallery, where his painting, "Helen of Troy," was on exhibition.

He joined a group of ladies who were standing before it just in time to hear one of the number says:

"It's a horrid picture—simply horrid."

"I'm sorry, but it's mine!" Lord Leighton exclaimed involuntarily.

"You don't mean to say you've bought the thing?" questioned the same lady.

"No; I painted it," the artist humbly replied.

The critical lady was momentarily abashed; then she said easily:

"Oh, you mustn't mind what I say."

"No indeed, you mustn't," another began earnestly. "She's only said what everybody else is saying!"—Youth's Companion.

CLEVER GAME ANIMALS.

Are Dieting To Flavor Their Flesh For Human Taste.

(Harrisburg, Cor. Pub. A. Acmarica)

Filled with an overwhelming spirit of gratitude for the protecting laws thrown around them by the state of Pennsylvania, game birds and animals which are now safe from pot hunters are showing their appreciation in a most amazing manner.

This is evidenced by the truthful reports coming from the various points, and which are here set forth.

Near Blaine, Perry county, Hiram Gibb observed a flock of wild turkeys carrying chestnuts, just now ripening, to a charcoal pit and dropping them upon the hot coals.

Soon the nuts burst open, and the intelligent birds, raking them out with their claws, carried the meal chestnuts to a cleared spot, where, after cooling, the nuts were eaten with gusto.

Mr. Gibb is convinced that the wild turkeys are doing their best to acquire a more delicious flavor, so that they will be highly appreciated by the sportsman who are lucky enough to kill and eat them.

Hunters who have lived in Perry county more than 50 years say that at no time in their careers have they seen such a self-sacrificing spirit shown by wild turkeys.

There has been an unaccountable scarcity of wild currants in the mountains this summer, and woodsmen were unable to understand the cause until a party of choppers from the Williams camp came across three deer eagerly nibbling the berries.

Now, as usual thing, deer will not eat wild currants, and the hunters were so curious about it that they consulted with the professors at State College, who sent a sophomore to Pine Glen to investigate.

This was a very learned student, Aristotle Hoffman, who, after eliminating all other theories untenable, decided that the deer were eating the berries to impart a currant jelly flavor to the venison.

He insists that any person who shoots a deer in Center county this fall will find he is correct.

Never before have rabbits been so plentiful as this season, and never before have they been so plump.

They are comparatively tame, too, seemingly knowing that they cannot be lawfully shot until November, and persons driving along the roads could knock the little fellows over with a buggy whip.

Never before have rabbits been so plentiful as this season, and never before have they been so plump.

They are comparatively tame, too, seemingly knowing that they cannot be lawfully shot until November, and persons driving along the roads could knock the little fellows over with a buggy whip.

The note was a recipe for a superior rabbit stew. Several rural mail carriers recall that other rabbits have been seen carrying similar papers attached to their legs, and at the burrows recipes for stewed rabbit, fried rabbit and broiled rabbit have been picked up.

The note is no bit of game under the sun that can compare with the flask White breast of the pheasant, and sportmen from time immemorial have vainly tried to develop a bird with more tissue.

Near here are several hunting preserves, and the game keepers insist that the pheasants are now doing what man could not. By persistently drumming they are bringing into play the muscles of the breast, and with such effect that two pound grouse will be the rule rather than the exception.

So assiduously are the birds carrying for their physical culture for the benefit of mankind that all the stumps and logs in the mountains have been hammed into pulp, and the pheasants have been forced to use green trees, against which they can beat their wings.

TWO LIVES ARE LOST IN WRECK ON C. H. & D.

Head-End Collision Near Johnson's.

Engineer Smiley, of Dayton,
and Fireman McCurdy,
of Lima, Killed.

ON A FATEFUL CURVE

A South Bound Passenger
Train Met a Through
Freight Train.

Engine Badly Wrecked and
Traffic Delayed—Pas-
sengers Unhurt.

KILLED.

J. C. SMILEY, of Dayton, engineer
of passenger train.

JOSEPH E. McCURDY, of Lima,
fireman of passenger train.

PASSENGER CREW

Was Near the End of Its Run When
the Wreck Occurred.

Another frightful tragedy has been
added to the list that hangs to the
history of that fateful curve on the C.
H. & D. railroad near Johnson's, the
little station among the bluffs near
North Dayton. At an early hour this
morning a terrific head end collision

occurred on this same curve and the
lives of two more railroad men were
snuffed out as a sacrifice won by the
disaster. With but a momentary flash
of warning, a south bound passenger
train and a north bound through
freight train met on the curve, the
passenger engine was torn to frag-
ments and both men in its cab met
death. The impact with which the
two locomotives crashed together was
terrific and the lighter passenger en-
gine was literally torn to pieces by
the big "battleship" which was pulling
the freight train. The engineer of the
passenger train lived but a short time
and his fireman sustained injuries from
which he died at 5 o'clock this morning.

The victims of the collision were
engineer Smiley, a resident of Dayton,
and fireman Joseph E. McCurdy, of
124 west Water street, this city. They
were in charge of the engine of the
passenger train and were within a
few miles of the end of their run
and expected to soon put their en-
gine in the "clear" and get some rest
after a hard day's work on an excursion
special. Their train was in
charge of conductor Nolty, a south
end man, and had been in service yes-
terday as an excursion train, running
between Piqua and Troy to accommo-
date the heavy passenger travel occa-
sioned over that portion of the line
by the Troy fair. They were being
run to Dayton as a third section of
train No. 3 and were to lay over in
Dayton for the remainder of the night
and were to have charge of the excursion
run again today. Their train was
within a few miles of the Dayton
yards and was rounding the curve at
Parson's bluff, near Johnson's, when
suddenly the headlight of a north
bound freight engine flashed on the
curve ahead of them. There was no
time even to jump for safety for al-
most the same instant that the first

gleam of the oncoming headlight was
seen and the terrible crash came.

PASSENGER CREW

Had Orders to Meet Third Ninety at
Johnson's Station.

Information that was obtainable con-
cerning the wreck today indicates
clearly that the mistake which brought
about the disaster was made by the
engineer of the passenger train. The
passenger crew had orders to meet
the third section of train No. 90 at
Johnson's and when the passenger
train arrived at that station the sec-
ond section of train 90 was in the
"clear" there and Engineer Smiley,
evidently supposed that the train was
third ninety and did not note the
number of the engine which, he would
have found, did not tally with the num-
ber of third ninety's engine as given
on his meeting order.

At the point where the wreck occurred,
two miles south of Johnson's, the
road curves to the west around a high
bluff and Engineer Smiley, being on
the right side of the engine and the
short side of the curve, had little
chance to see the engine or headlight
of the freight train until the engines
were but a very short distance apart.
Then it was too late to jump and he
and Fireman McCurdy, who was prob-
ably down on the deck and knew nothing
of the danger, were caught in a
trap with no chance to escape.

The men on the freight engine had
a better chance to jump and they did
so, and all three—Engineer Tom
Trainor, his fireman and the head
brakeman—escaped without an injury.
Engineer Trainor was on the long side
of the curve and saw the headlight of
the passenger engine in time to reverse
his engine, give warning to the fire-
man and brakeman and then jump be-
fore the crash came. Engineer Smiley
and fireman McCurdy, however, were
caught in the debris of the wreck and
both met death.

FAMOUS WRECK

In Which Engineer Pat Doolin Was
Killed Occurred at Same Place.

The collision last night occurred
within one hundred feet of the point
where passenger Engineer Pat Doolin
and Fireman McElroy, both of this
city, were killed a few years ago, when
engine No. 300, pulling south bound
passenger train No. 3, at a high rate
of speed, left the track on the same
curve and was torn to pieces by the
heavy train which it was drawing. The
place is regarded by all railroad men
as one of the most dangerous on the
road, a high bluff being on the west
side of the track and the canal and
Miami river on the east side.

No very great damage was done to
the engine which was pulling the north
bound freight train which figured in
last night's wreck. This train was not
running at a very great rate of speed
when Engineer Trainor saw the head-
light of Engineer Smiley's engine, the
135, and he had his train well under
control before he jumped. The pas-
senger train did not slacken its speed,
however, until the 135 hit the big
freight engine. The latter engine with-
stood the shock and was not knocked
off the rails, but the lighter passenger
engine was completely wrecked.

Only Five Passengers Aboard.

There were only five passengers on
board the excursion train when the
wreck occurred and they escaped with
no injuries any more serious than a
severe shaking up. The brakeman of
the passenger train had one arm slightly
hurt.

As soon as the wreck was reported,
a wreck train was sent to the scene
from Dayton and another was sent
from this city. The track was cleared
and repaired in time to hold the
paper train only about an hour this
morning and all trains after that were
run through on time.

Both Engineer Smiley and Fireman
McCurdy were alive when their
mangled bodies were located under the
wreckage by the other trainmen. En-
gineer Smiley died a few minutes after
being taken out of the wreck and
Fireman McCurdy died at 5 o'clock
this morning.

LINEN SPECIALS.

Everywhere favorable comment on the September
linen sale. Complete satisfaction with values, variety
and exclusiveness of pattern—with linen quality but that
is understood. The time to buy linens is, without ques-
tion, now.

AT 50c. A cream damask beautiful floral design
and 70 inches wide.

AT 85c. A cream damask extra heavy and full 70
inches wide.

AT 75c. A bleached damask which is more than
special 68 inches wide and several patterns to choose
from.

AT 88c. A bleached damask 72 inches wide and such
beautiful new designs.

New towels at 25c, 50c, 75c and \$1.00.

221-223
North Main Street.

DRESS GOODS

IF

The dress fabrics interest you and if you like to be
identified with up-to-date merchandise, do not fail to visit
the Bluem store. Plaid dress fabrics in silk and wool in
a variety of beautiful styles; also a number of other new
and up-to-date weaves. Would be pleased to show you.

G. E. BLUEM,
221-223 North Main Street.
